No: GCW-NCC/06Date:10/12/2021

The Department of Political science in collaboration with the NCC unit of Government Degree College for Women Anantnag celebrated International Human Rights Day on 10 December 2021. Human rights are the rights that people simply have and are not granted by any state. These rights are inherent to all irrespective of any of the above statuses. Human rights range from right to life, right to food, right to education, right to health etc. On this day the United Nations General Assembly adopted and proclaimed the **Universal Declaration of Human Rights (UDHR) in 1948**, a text that describes the fundamental rights of all human beings that must be respected universally which is the first global enunciation of human rights and also one of the major achievements of United Nations. This year's theme for Human Rights Day is Equality - Reducing inequalities, advancing human rights. The theme is related to Article 1 of the UDHR which states that "all human beings are born free and equal in dignity and rights."

The following activities were conducted by the NCC cadets to commemorate this auspicious day.

1. Public reading on the importance of human rights.
2. Free expression wall to write what human rights meant to them.
